  Syrian Virtual University (Fifth Year)
- **Bachelor's Degree in Accounting**

Professional Experience

Freelance Front End Developer | Self-Employed | 2020 - Present

- Developed and launched multiple responsive and interactive websites using HTML, CSS, JavaScript, and React.js, achieving high performance and user engagement rates.
- Created scalable and reusable codebases, reducing development time for future projects by 30%.
- Ensured cross-browser compatibility and accessibility for all websites, improving reach and usability.
- Leveraged Git and GitHub for version control, successfully collaborating on over 10 diverse projects with cross-functional teams.
- Delivered innovative design solutions, increasing client satisfaction by 95% and aligning with user-centric goals.

Projects

- **E-Commerce Platform:** Designed and developed a fully responsive online store with integrated payment functionality, ensuring cross-browser compatibility.
- **Restaurant Management System:** Designed and developed a responsive and scalable system for restaurant management, integrating functionalities such as menu creation, order tracking, and reporting tools
- **Dynamic Dashboard:** Developed a data visualization dashboard using Python and JavaScript for real-time analytics, demonstrating scalability and usability.
- **Medical Center Management System:** Built a comprehensive platform for managing medical centers, incorporating features like appointment scheduling, patient data handling, and billing.

Key Achievements

- Built and launched responsive websites for various industries, achieving a 95% client satisfaction rate.
- Transformed complex design concepts into fully functional and visually appealing web interfaces.
- Mastered the implementation of adaptive layouts using modern CSS frameworks such as Sass and Tailwind CSS.
- Prototyped and tested user interfaces using Figma and Adobe XD to enhance UI/UX collaboration.

Soft Skills

- Problem-Solving and Analytical Thinking
- Excellent Communication and Collaboration
- Strong Attention to Detail
- Ability to Work in Dynamic, Fast-Paced Environments

Languages

- Arabic (Native)
- English (Intermediate)

Additional Information

- Willing to relocate or embrace remote work opportunities to contribute to diverse projects.
- Dedicated to continuous professional growth by staying abreast of the latest web development trends, technologies, and best practices.
